Introduction

In Bejeweled, you are given a board full of different types of gems. The objective is to swap a single gem vertically or horizontally to create matches of 3 or more identical gems. Matched gems are destroyed and give you points, causing more gems to fall on the void created. Seems really simple right? Well yes and no. With the various game modes available, your play Bejeweled - Ultimate Special Edition (Game Guide, Cheats, Strategies) style will have to adapt as well. Whether you choose to play smart Bejeweled - Ultimate Special Edition (Game Guide, Cheats, Strategies) in Classic mode, rush matches in Blitz, or take a breather in Zen mode, your

success in Bejeweled will really depend on you and a bit of luck as well. This guide will help you improve your scores in the game, but due to the randomness of the gems provided to you in Bejeweled - Ultimate Special Edition (Game Guide, Cheats, Strategies) any game mode, you will have to practice a lot as well. As they say: practice makes perfect, and this guide will make that practice even more fruitful and enjoyable.

Basics

Making Matches

Check the orange gem in the highlighted area. You can swap it upwards or downwards to create a match.

To make matches, you simply have to swipe a gem vertically or horizontally with another gem. If 3 or more identical gems are placed next to each other, a successful match is made and the gems are destroyed, giving you points. One thing Bejeweled - Ultimate Special Edition (Game Guide, Cheats, Strategies) to remember though, a match is only possible horizontally or vertically, and not diagonally. Matching gems creates a void, and gems above fall on that space. Bejeweled - Ultimate Special Edition (Game Guide, Cheats, Strategies) Top gems are also replaced by randomly generated gems, so the board is always full. When a match is made, additional matches may be created through a chain Bejeweled - Ultimate Special Edition (Game Guide, Cheats, Strategies) effect from all the falling going on, which Bejeweled - Ultimate Special Edition (Game Guide, Cheats, Strategies) results to cascading combos. One of the most important but also challenging skills in playing Bejeweled is your ability to identify possible combos, and this can only be achieved through foresight and practice.

Power Gems

Matching this power gem cause an explosion in a 3x3 area around it. All gems that explode Bejeweled - Ultimate Special Edition (Game Guide, Cheats, Strategies) this way are considered matched, so it is possible to chain them with power or star gems.

Power gems are made by matching 4 or more identical gems in a single swipe. This causes the gems to combine into one power gem, identified with a distinct glow. When this power gem is matched successfully, it explodes and destroys a 3x3 area of gems, giving you even more points, not to mention, a better chance for a combo. If you see an opening for a power gem, it's often a good idea to take advantage of it.
