This book is dedicated to my husband, Joe De Sisto. Like me, he holds a deep admiration for the mineral kingdom and is an avid collector of crystals and crystal skulls. His enthusiasm for *Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics* about my writing helps to keep me focused on each new project, and his love and support carries me through those *Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics* times when life is less than kind. Thank you, Joe, you are my *Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics* hero. I would also like *Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics* to thank the people whose practices are featured here. Without their input, this book would have little substance.

## Prologue

In the summer of 1984 I was first contacted by one of my angelic guides through automatic writing. At that time I was an extremely skeptical person who did not believe in anything that can be considered paranormal. Much of what I was being given was beyond what I could accept or consider was true. However, in one of the very early messages I was advised to learn about crystals. This was a subject that I knew absolutely nothing about, but somehow my attention was caught by this channeled recommendation. I did some research, made some enquiries and soon learned that there was a growing interest within a small section of the general public in the properties of the mineral kingdom.

My first crystal purchase was a Clear Quartz point that was about 2" in length and ½" in width. When I was at home and relaxing, I would frequently hold this crystal and sometimes just stare and stare at it. Having seen many exquisitely beautiful mineral specimens in later years, I know this little crystal point Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics could Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics not compare in size or Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics grade quality to many of the crystals that abound across our planet. Yet to me it became very precious and it remains in my Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics keeping to this day. It introduced me to a world of wonder and pure magic, Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics the awesome power of minerals.

I definitely became addicted to crystals, a consequence for all who allow themselves to open up to these amazing spiritual friends. For the next eight years I collected many, many Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics different minerals, some in their rough state, others having been shaped and polished. I was fascinated by the dazzling clarity of certain ones and often Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics felt drawn to those that boasted vibrant colors and faceted form. Holding a crystal would bring a sense of peace and rightness, qualities I was greatly in need of at that Crystal Companions: The Use of Mineral Kingdom Within Modern-Day Metaphysics time because I was going through a difficult divorce. I also read several books that were written about the healing properties of crystals and I became intent on learning the healing art of "laying-on stones."
