Preface

My main gifting of the spirit is the Word of Wisdom. The Word of Wisdom is a gifting that enables one to know things from the mind of God that cannot be known by natural means. This includes snapshots of the future and revelation Decoding the Love Chapter from scripture that logic and reason usually does not perceive. I had a dream one night where I found myself in a cave out in a desert place. I stepped to the entrance of the cave and written across the sky with letters made of clouds was the word "REVELATION". The Lord was telling me that if I set myself Decoding the Love Chapter apart and dedicate myself to His Decoding the Love Chapter word, I will manifest the word of wisdom, which is the spiritual gift that enables you to know things that could not be know by natural means (like things in the future). So for the last 41 years I have been experiencing these dreams, visions of the night, and of course Word of Wisdom via prophecy.

Years later I had a dream in which a man walked into the center of an intersection. He turned to face me and held his arms out to his sides. Suddenly a large sword appeared out of Decoding the Love Chapter nowhere and sliced him across his lower belly. There was no blood or pain... but the top half of the man fell backwards like a book opening, and I could see in entrails displayed like in an anatomy book. The Lord told me He was going to teach me about the inner workings of the spirit of man. Since that time I have been consumed with the topic, researching topics such as the fruit of the spirit, the mechanics of belief, revelation knowledge, tongues, prophesying, and the role of compassion in ministering to the sick and intercession. The Mechanics of Love Ministry is one such inner working of the spirit.
