## Educational Objectives

The goal of this program is to improve the identification and management of health issues related to sexual activity in adolescent Pediatrics: Adolescent Health (Audio-Digest Foundation Pediatrics Continuing Medical Education (CME). Book 57) patients. After hearing and assimilating this program, the clinician will be better able to:

1. Obtain accurate information from adolescents about their sexual activity and orientation.
2. Provide support for gay, lesbian, and bisexual patients and their families.
3. Handle male patients' resistance to examination of the external genitalia.
4. Appropriately screen all sexually active patients for sexually transmitted infections (STIs).
5. Treat patients with STIs according to guidelines.
