In Dedication

To my wife Linda who has put up with me for over 55 years and who I The Marriage Book love as life itself.

Without her humor, patience and dedication, this book would not have been possible. She married me, had my children, was and is a great mother to them and a fantastic grandmother to their offspring.

As the family continues to grow we are awed by the accomplishments that they make in life and the affirmations of the love that we tried to sow into their lives.

Life is good, but it is better when you can travel through it with a mate like Linda at your side.

Thanks Linda for allowing me to share your life.
