Introduction

Let's face it: *Why Your Credit Sucks and What You Can Do About It* — the recent economic climate has drastically changed the credit market. You can no longer get by with mediocre or poor credit — we've all been hit with new rules for which we are ill-prepared.

After reading this book, you will be armed with knowledge that few people have — you'll understand how the credit scoring system works, and what you can do to use it to your advantage.

A good credit score can save you hundreds of thousands of dollars in interest over your lifetime. Whether you are applying for credit, insurance or a job, a good credit score speaks volumes in the eyes of *Why Your Credit Sucks and What You Can Do About It* of the inquirer. Whether you are investing in a home, purchasing a car or buying just about anything else in life, the quickest way to a successful outcome is through a good credit score.

Just look at the impact of how having “bad credit” affects your pocketbook. What does bad credit cost in real dollars? Let's do the math. The following table is a powerful *Why Your Credit Sucks and What You Can Do About It* illustration of just how much a bad credit score can *Why Your Credit Sucks and What You Can Do About It* cost.

The table above shows that on a \$100,000 home loan, you will pay more than triple the amount of interest with poor credit than you would if you had perfect credit!

Why do some people pay so much more? When you apply for credit (particularly for a mortgage loan), there are four Why Your Credit Sucks and What You Can Do About It basic areas of your loan application that lenders scrutinize during the approval process. Lenders call these "The 4 C's of Lending." They are Capacity, Capital, Collateral Why Your Credit Sucks and What You Can Do About It and Credit. The most difficult thing to fix also happens to be the thing most in your control – your credit score.

Let's look at each of these "C's" in detail.

Capacity – Do you have the ability to repay the loan?

The lender will want to know that you have the ability to repay the loan. Why Your Credit Sucks and What You Can Do About It The underwriter (the person trained and authorized to review the loan file for approval), will review Why Your Credit Sucks and What You Can Do About It your employment and income. They will want documentation to show that you have stable employment and have been in the same line of Why Your Credit Sucks and What You Can Do About It work for at least 2 years.

Employment and income are documented by pay stubs, W-2 forms and/or written verification of employment from the employer. If you are self-employed, the documentation will include a business Why Your Credit Sucks and What You Can Do About It license, tax returns and a yellow page listing and/or a listing from the corporation commission showing the Why Your Credit Sucks and What You Can Do About It legality of your business entity.

Other forms of income may also be considered with proper documentation. This can Why Your Credit Sucks and What You Can Do About It include alimony, child support, rental income, retirement income, disability income, interest and dividends.
