*BEEP BEEP BEEP*

The alarm cracked through my dreams, dragging me awake. I sat up slowly, tempted to lie back down and sleep in. I had just started to lower my head to the pillow again when I remembered – work. Not just any work, my first day at a new job. Scanning corporate documents or some other office bullshit. I swung Working Overtime: A Lesbian BDSM Romance my feet to the floor and stretched. I should be more grateful, it had been a hell of an awful time Working Overtime: A Lesbian BDSM Romance finding work – a lot of places looked at my degree like it wasn't worth the paper it was printed on, while others found me “overqualified” – too much hope for the future to flip burgers for the rest of my life, they figured.

I had managed to swing this office Working Overtime: A Lesbian BDSM Romance job through a friend of a friend – some corporate headquarters downtown. She had warned me Working Overtime: A Lesbian BDSM Romance that it was a pretty strict and serious place to work, run by some total bitch of a boss, but that it paid well. The interview went surprisingly well, and, well, there I was, back in the land of the living and the employed.

I stumbled into the bathroom to get ready for my day. A quick shower and some work with the hairdryer helped me tame my fine blonde hair into something professional. A dab or two of makeup, strictly neutrals, and I delved Working Overtime: A Lesbian BDSM Romance into my closet. I was torn, I didn't want to look like a dowdy frump, but I needed something professional looking if this office was as strict as I heard. I pulled out a nice, serious Working Overtime: A Lesbian BDSM Romance looking black shirt, but slipped a push-up bra underneath. I always figured I had good Working Overtime: A Lesbian BDSM Romance tits, and honestly, they might just give me a little boost – career wise that is. A pencil skirt and some black heels made my

outfit. I checked my watch – shit. I booted it out the door, tottering on the heels to the bus stop, trying not to get too flushed or red. Couldn't look flustered for my first day – I needed this job badly.

The bus let me off in front of a towering black skyscraper with hordes of office workers streaming inside. A bike messenger swerved around me, startling me out of my staring. I took a deep breath, it was now or never.

The elevator dropped me off in a sleek lobby, all dark modern furniture and minimalist art. The receptionist sat at her desk, long nails tacking away at the keyboard.

“Uh, good morning? I'm Sarah, Sarah Varien.” The receptionist looked at me with a ‘so what?’ expression flickering past her eyes. “I'm new here? I'm the new documents technician?”

The receptionist's stern face softened slightly. “Oh good, the new girl! I'll get someone to show you to your office.” She punched a few buttons on her phone. “Krista, can you come up here? The new girl in your department is here.”
