“In this extraordinary book, Alan Hart has succeeded in elucidating for us the immediate and long term Zionism: The Real Enemy of the Jews, Volume 2: David Becomes Goliath dangers involved in the unconditional Western support for Zionism and its oppressive policies against the Palestinians. ... Motivated by a genuine concern for peace in Israel and Palestine and beyond in the world at large, Alan Hart has written not only a strong indictment of Zionism, based on both research and personal experience, but also provided us with a charter for a better future...”

“I hope that all who are concerned about the troubles of the Middle East will read this book. It is immensely readable and a magnificent piece of work which reflects Alan Hart’s close relationship with Israeli and Palestinian leaders. We are in terrible trouble in the Middle East. The book explains how we got here and how we could move forward. The tragedy is hurting Palestinians, Israelis and the rest of the world. All who wish to engage in finding a way forward will be helped by reading this book.”

“As a principled and historical Zionism: The Real Enemy of the Jews, Volume 2: David Becomes Goliath review it is excellent, of great importance I think in terms of content, and the series when finished may even be considered heroic in effort and scope.”

“Hart’s readable account of history, his obviously Zionism: The Real Enemy of the Jews, Volume 2: David Becomes Goliath erudite analysis and his ability in bringing the factual conflict to life on the page ensures the reader’s interest is unwavering throughout. His passion and empathy with both sides is apparent. For Zionism: The Real Enemy of the Jews, Volume 2: David Becomes Goliath the Jews, the ‘unspeakable fear’ of another Holocaust due to Zionist manipulation and tyranny; and for the Arabs and Muslims, the anger and humiliation they are feeling every day that Palestine is being torn apart.”

“Perhaps the biggest perplexity of the current world political scene is the acceptance by most western countries of the respectability of the State of Israel.... It is perhaps premature to expect the world to come to its senses within the near Zionism: The Real Enemy of the Jews, Volume 2: David Becomes Goliath future, but writing as an Orthodox Jew I hope and pray that the Zionist State of Israel is recognised for what it is and that firm but peaceful pressure be brought to bear for the whole flawed concept to be brought to an end. A pre-requisite for this is a correct historical view and Alan Hart in his chillingly revealing and very readable account of the intrigues of the Zionist political development has made a tremendously valuable contribution to this cause.”
